Regional Directors
Central Pollution Control Board
(Lucknow, Bengaluru, Bhopal, Vadodara, Shillong, Kolkata).

Sub.: Installation of Online Continuous Emission Monitoring System by the Common Biomedical Waste Treatment Facilities (CBWTFs) - reg.

Sir,

It is to inform that as per the provisions under Biomedical Waste Management Rules, 2016, Common Biomedical Waste Treatment Facilities (CBWTFs) are required to install Online Continuous Emission Monitoring System (OCEMS) for the parameters as may be stipulated by State Pollution Control Boards (SPCBs) or Pollution Control Committees (PCCs) and also transmit the real time data to servers of CPCB as well as SPCB/PCC. So far, only 92 out of 199 nos. of CBWTFs have installed OCEMS and connected with CPCB server. In this regard, a copy of directions dated 23.04.2018 issued by CPCB is enclosed for ready reference.

In view of the above, 'CCB' has directed Regional Directorates to follow-up with respective SPCB/PCC and CBWTFs in their jurisdiction for installation of OCEMS by the CBWTF operators. A status report on installation of OCEMS by the CBWTF operators located in the State/UT falling under your jurisdiction may kindly be submitted to Head Office by 15.11.2018.

Yours faithfully

(B. Vinod Babu)
