Sir,

Central Pollution Control Board had issued closure direction to the non-complying Sugar industries in your State under Section 5 of E (P) Act, 1986 on account of non-installation/non-connectivity of OCEMS or for non-compliance with the notified standards/other shortcomings observed during inspections conducted by CPCB. The Copy of each direction was also endorsed to State Pollution Control Board to ensure closure and to the concerned Electricity Board for disconnection of the power supply.

In this regard, it is requested to please get such Sugar units (list enclosed) inspected and verified whether they have closed-down the operation with respect to the direction of CPCB and to ensure that the industry shall not commence its crushing season 2019-20 under any circumstances without revocation of closure direction from CPCB.

Kindly provide your action taken/compliance status in respect of said units to CPCB at the earliest preferably before November 20, 2019.

Yours faithfully,
