**Subject: Pollution of Ambazari Lake of Nagpur Municipal Corporation.**

Respected Sir,

I undersigned Ajay Kadu, residing nearby Ambazari lake of Nagpur city humbly wishes to bring to your kind notice the following facts in respect of Ambazari lake.

- The Ambazari lake was a lifeline for water supply to new Nagpur city. Now a days due to pollution of lake NMC has shifted city water supply from other source of Pench Project.
- Presently the Ambazari Lake is catering water supply to MIDC Hingna Industrial area as well as Defence ordinance factory.
- The Nagpur Ambazari lake is the origin of Nagpur life line NAG River of Nagpur flowing through Nagpur city.
- Due to severe development in the catchment area of Ambazari lake vicinity, the quality of water in the lake is deteriorating day-by-day.
- **All the domestic sewage from the nearby occupants are being discharged into this lake along with the industrial waste from Hingna industrial area of MIDC.**
- Nagpur Municipal Corporation has not yet provided any treatment facility for the domestic sewage discharging in this lake.
- The flora & fauna in this lake vicinity is reducing day-by-day due to heavy pollution of water in this lake.

In view of above it is kindly requested to instruct the concerned authorities for protection of lake water.

- Copy Submitted with due respect to The Hon'ble Chief Minister GOM Mumbai.
- Copy submitted with due respect to The Hon'ble Minister MoEF, New Delhi
- Copy submitted to the Director, CPCB New Delhi
- Copy submitted to MD MPCB, Chembur, Mumbai
- Copy submitted to RO, MPCB Udyog Bhawan Nagpur

Thanks & Regards,

Ajay Kadu,
