7th D Cross, Shivanagar,
Bengaluru -560 079**

Sub: Proposal to organize training programm/workshop under National Hydrology Project (NHP) during FY 2018-19.

Sir,

Central Pollution Control Board is participating in National Hydrology Project, as one of the Central implementing agency to support the water quality domain. Officials of implementing agencies and SPCB/PCCs will participate in the training programmes. CPCB has planned to organize training/workshop programme for State & Central agencies.

National Hydrology Project is World Bank funded project implemented in India through Ministry of Water Resources, RD & GR. State Ground Water & Surface Water agencies and Central agencies are participating in project.

The tentative training calendar for FY 2018-19 is enclosed at Annexure-I. There shall be one training programme of three day and one workshop of one day duration. It is, therefore, requested to send the tentative budget requirement to organize the residential training programme/workshops in Bengaluru as per the programme for 30 participants. In case the proposed dates are occupied in Regional Directorate, alternative dates may kindly be suggested.

Yours faithfully,

(R.M. Bhardwaj)

Scientist 'E' &

In charge-WQM-I Division

Encl: As above
