(iv) CPCB Letter No.A-14011/1/2018-Mon/161 dated 02/04/2018.

Sir,

Kindly refer to above-mentioned CPCB letters and subsequent reminders wherein Maharashtra Pollution Control Board was requested to submit action taken report regarding discharge of the untreated effluent into Valdhuni/Ulhas River. Now, public grievance (MOEAF/P/2018/00367) has been received from MoEF&CC on the same matter, which was forwarded by MoWR,RD&GR. However, response in the requisite matter is still awaited.

As there is inordinate delay, I am directed to request you to look into the matter and submit the status of action taken report directly to MoEF&CC with a copy endorsed to this office, at the earliest.

Yours faithfully

(R.M. Bhardwaj)

### Grievance Description :

Sir I would like to attract your attention towards the issue of hygiene. Yesterday in the Mann ki Baat chat you talked about Fit India Movement. Sir, I am a student of Smt. CHM college, Ulhasnagar. My college is situated on the banks of River Ulhas. A number of fast-food outlets are situated in front of the college and the river flows right behind them. Many people not only from college but from the nearby area, as it is near the railway station have refreshments in these outlets. But the environment in which the food is made is not hygienic. The river is not clean and hence it is a place where many disease dwell and affect the people. The cloth factories in the nearby area let their wastes flow in the river itself, the people living in the nearby slums dump their waste in the river and also the washerman wash their clothes on the banks of the river. This has resulted in the river getting very polluted. The water in the river appears to be of different colours on every other day. The water sometimes stop flowing due to the heap of waste collected. I request you to please look into this matter and get the river cleaned at regular basis. It is taking a toll on health of the people residing in the area as well as on the students of college. Please look into this matter as soon as possible. I had filed the complaint earlier also but their was no reply. So please take actions it has affected many people's health already. Thanks All the best for your work.
